

CROP INSURANCE UPDATE

We focus on your finances, so you can...

FOCUS ON YOUR FARM

Citizens thanks you for entrusting us with your crop and livestock insurance. During this growing season, we look forward to providing you with services to make your year go smoothly. We never know what perils our crops may face but we're here to help when these circumstances arise.

Certify your acres at FSA, then bring your 578s to your agent by **JULY 15!**

Spring Crop Prices

- CORN – \$4.62
- SOYBEANS – \$11.09
- WHEAT – \$6.19
- OATS - \$3.30

FINAL PLANTING DATE:

- CORN – MAY 31
- SOYBEANS – JUNE 10

**Oats vary by county, earliest final planting date is May 5*

HAIL:

If you have easy-hail (NAU) or auto-hail (Great Ag) any changes for this crop year need to be elected by **JUNE 15**.

Hail premium cash discount is due by **AUGUST 15**. To receive the 3% discount, it must be postmarked by **AUGUST 15**.

Hail can be added to your policy throughout the season.

AG SEMINAR RECAP

Our team of Ag Lenders and Crop Insurance Agents hosted 2 seminars for our farm clients on February 24th & 25th.

Clients at both events listened to engaging presentations from representatives from Paradigm Futures and NAU Country Insurance discuss grain marketing and risk protection strategies for 2026.

It was a fun opportunity to gain insight, network, and enjoy beer and pizza with our area farmers. We appreciate everyone who joined us and made these events a success.

NEW AGENT SPOTLIGHT

Hi, I am Joshua Streit and I am going to be a new crop insurance agent at *Citizens Bank Minnesota*. I grew up just south of Watkins on a family beef cattle operation. I received my undergraduate degree at North Dakota State University in Agriculture Economics, and I earned my MBA in Business from the University of Nebraska at Omaha. I moved back to the farm after college and started working at *Citizens* as an Ag Lender. I am currently still helping on the farm with my brother and dad. I will do anything on the farm and can be found feeding the steers, hauling manure, digging, driving grain cart, or plowing in the fall.

I've been involved in agriculture my entire life, and I'm excited to use both my farm and financial experience to help producers succeed. I look forward to continuing to grow with *Citizens Bank Minnesota* while providing dependable support to our clients each growing season.
